SEMI testing, global access, local service

“SEMI testing, global access, local service”

“As part of ITL’s commitment to providing complete solution, ITL is pleased to announce that it now provides a complete set of services for Machinery manufacturers. That includes all aspects include regulatory compliance for EU, US and Semiconductor Industry guidelines (SEMI).

ITL is now able to provide SEMI reports that are acceptable to all SEMI manufacturers including SAMSUNG and TSMC.

ITL and ESTEC Solutions, a leader in the SEMI testing, signed an agreement and ITL can now provide SEMI reports on behalf of ESTEC.

ITL has been serving the Israeli market for two decades providing complete testing and certification solutions for multiple industries including machinery, ITE, medical, industrial, appliance, life safety and security, military and more.

ESTEC Solutions is a global Environmental, Safety and Health (ESH) engineering firm headquartered in Austin, Texas. ESTEC Solutions was founded in April 2009 by a group of engineers with over 70 years of combined semiconductor industry experience primarily evaluating manufacturing equipment.”
